The Business Change Framework

1. Discover

Why do we need to change?

Discover where you're starting from and why you need to change

2. Design

How can we bring about the change?

Design your destination and route

3. Deliver

How do we deliver the change?

Deliver the change

4. Transition

How do we move to the new way of operating?

Transition people to the new way of working

5. Integrate

How do we integrate the benefits and continually improve?

Integrate the change and review the outcomes
